

**SIERRA CLUB**  
FLORIDA CHAPTER

**Turtle Coast Group**

Local Group for Brevard and Indian River County

Come join us on **May 26th at 7 PM** as we hear about

## **The Brevard Zoo Restore Our Shores program.**

Our speaker for May will be **Jessica Lang**, Conservation Specialist at the Brevard Zoo. Jessica will provide us with an overview of the Restore Our Shores program.

**[Meeting Zoom Link Here](#)**

Restore Our Shores focuses on lagoon restoration with clams, oysters, mangroves and seagrass. I will discuss these methods, successes we have seen from them, lagoon health and how everyone can make a positive impact on the Indian River Lagoon.

As a Florida native, Jessica grew up with a passion for the outdoors and natural spaces. While studying Marine Biology at Florida Tech, she worked for the Everglades Youth Conservation Camp. It was there Jessica found her passion for educating her community about conservation and outdoor exploration. She began her zoo journey as an intern for the lagoon quest program, where she got her feet wet and learned about our Indian River Lagoon. Jessica immediately knew she wanted to be part of the solution, so she is excited to be on the Restore Our Shores team and focus on community outreach, inspiring the next generation of environmental stewards.

*Thank you for all you do for the environment,  
Bill DeBusk  
Chair,
